

Walking with Leaders Who Transform Their Communities

Branches helps Christians build healthy, high-performing companies that change communities.

You built something that lasts

You've found ways to bless your community through your work.

Your family

A business that takes care of the people you love

Your employees

Jobs for people in your community

Your city

A community that's better because you built here

I know how much that matters. Someone walked with me.

They didn't
come to fix my
school.

They came to
walk with me.

Who Branches is

OUR MISSION

Branches helps Christians build healthy, high-performing companies that change communities.

Not for a weekend. Not just for a program. For a generation.

A GLOBAL COMMUNITY

Visionary Christian entrepreneurs already building companies and changing their communities.

EXPERIENCE THE MOVEMENT · VISION TRIPS

Recently: 5 business leaders traveled with us to Northern Ireland

They bonded

Friendships with leaders who want to change the world

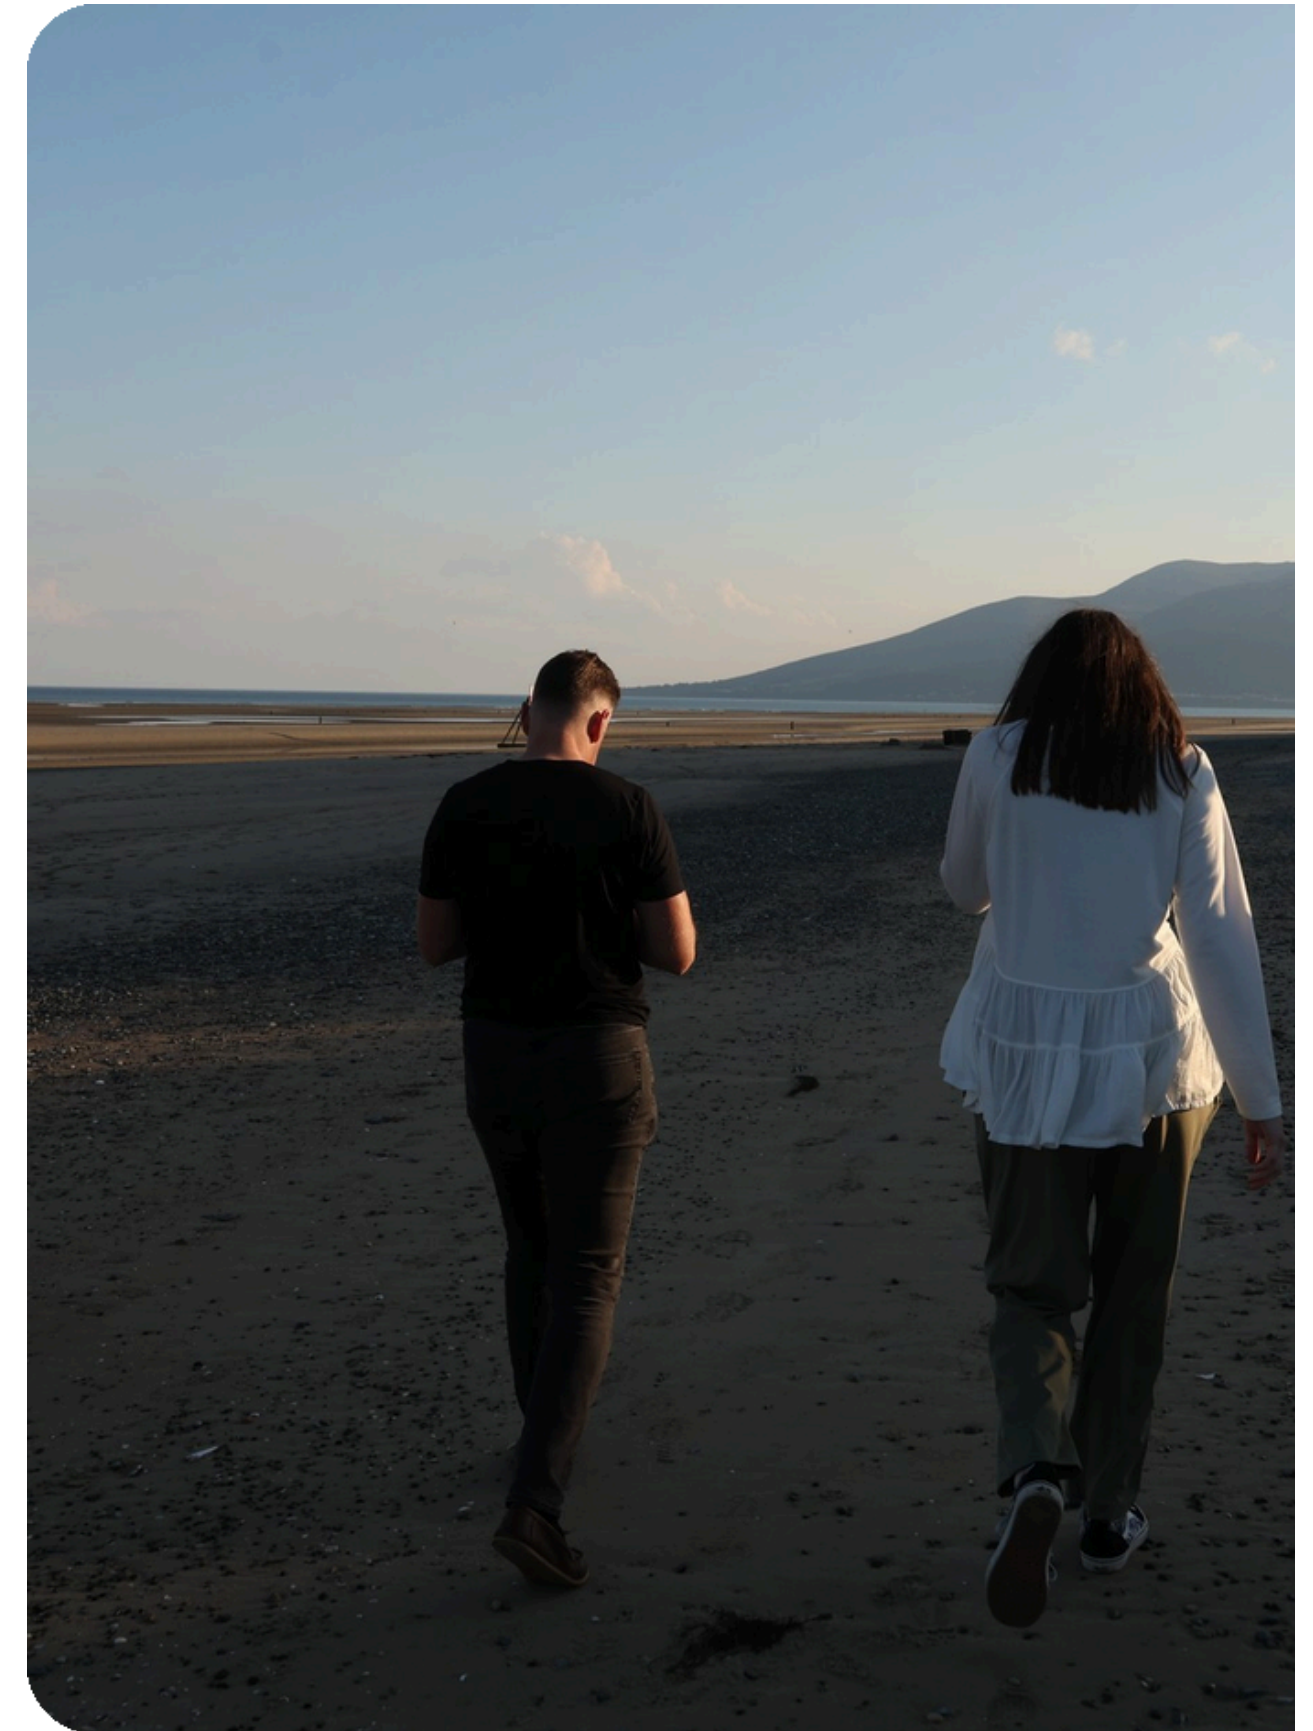

They grew together

Side by side, on the road and around the table

They were inspired

By what a transformational business leader is accomplishing on another continent

If you don't have a way to multiply your impact around the world,

Branches is for you.

Thank you
